<b>KENTUCKY.</b> Decorative. (Wigginton.)	
A wonderful new shade unlike anything we have ever seen makes this dahlia the most beautiful of all our collection. It is a sport of Jersey's Beauty and of course has all its habits with the exception it does not blight or stunt. We have tested it for four years and its color has never varied a single time. A brilliant light salmon-orange shading to orange yellow at base and deepening to grenadine pink on outer petals. We had thought the parent of this new dahlia the best in cultivation. Now we know there is a better one in Kentucky. As we are writing this description we have before us a dozen blossoms of this season's novelties, and we honestly believe none of them will compare with it. The flower is larger than that of the parent. As growers of high grade dahlias we offer you Kentucky knowing that we are giving you a real dahlia in every respect .....	
	15.00
<b>KENTUCKY COLONEL.</b> Decorative. (Ditto-Wigginton.)	
This wonderful new creation is a strong, healthy growth, producing large flowers on long cane-like stems. A beautiful creamy white base shading to light mallow purple at tips. Its lasting qualities make it very desirable both as an exhibition and cutting variety.....

<b>MRS. A. G. HULL. Decorative. (Seltsam.)</b>	
Very large deep lavender.....	1.50
<b>MRS. A. M. HARBISON. Decorative. (Sauer-Wigginton.)</b>	
In this new seedling we have what we believe to be one of the best commercial dahlias of its color to be had. The color chart says it is a light mallow purple, but we can best describe it as a pinkish lavender. The bush is low and branching carrying the flowers on long stiff stems well above the foliage. It is very prolific and a wonderful keeper. Flowers are medium to large and slightly cupped. Considering its desirability we are offering it at a very reasonable price .....	
	5.00
